

**Platte Valley Habitat Partnership
Agenda - Third Workshop/Field Tour
July 20, 2012**

8:00 Meet at Platte Valley Community Center, Shively Room

8:30 Start Field trip. Planned Stops (May be changed if time or circumstances require it). Total Time Estimate is 8 Hours, 5 Minutes

Purpose of Field Tour

1. Explore PVHP participants' question regarding what type of treatments had already taken place and with what level of success or failure and why.
2. Explore characteristics of summer, winter, crucial and transition ranges of mule deer habitat.

Guiding questions at each location:

1. Why did we select this/these treatments?
2. What was the time of year for this treatment?
3. What was the pre- and post-treatment grazing strategy?
4. What is the percentage of sage grouse cover

1. Saratoga to ZN Ranch: 21 Miles – 30 minutes
William's treatments in Transition and Crucial Ranges – 90 minutes
2. Back to Saratoga: 21 Miles – 30 minutes
